

Young Torch Bearers' Message of Clean India

The young cherubs of PS Emerald conducted a special assembly on **Swachh Bharat Abhiyan** on 30th November 2018. In the interest of the nation, S.F.S. took up the idea involving the present to save the future. Believing in the philosophy, charity begins at home, the students presented a musical skit to create awareness among the Frobelians about the importance of sanitation urging all for contributing in their own ways towards a cleaner India. The big venture by small hands created wonders. They pledged to transform Gandhiji's dream of Clean Indian Healthy India into a reality. Their perfectly in-sync performance won the heart of the principal Dr. Ragini Kaul and the audience present there. The great initiative by the young Froebelians created a new spark of **Swachh Bharat** in the school.
